CDdoor - a simple application to open and close a CD tray

CDdoor Features:

- Opens a drive
- Opens a CD drive with the specified index
- Closes a drive (if open)
- Toggles if the specified drive is open (if open)
- Closes all drives (if open)

CDdoor is an example of a single-threaded process and as such runs very slowly on slower machines. Use Windows Task Manager to stop it if you do not want it to run.
