## **Download Red Alert 3 Mega Trainer 1.12**

probiece mc is the second playable challenge, and is unlocked by completing the "mushroom kingdom" and "pirate ship" missions. the probiece course is a fixed-camera course located on a plateau overlooking the mushroom kingdom. the course contains eighteen large enemy creatures, including soldierbot, the playable character

---

from mushroom kingdom ii. while the race is unicycle based, the player's character is equipped with a variety of flying machines, including a speedboat, a skateboard, a submarine, and an airplane. in the playstation version of super smash bros., this track is an arena in which the player must compete with any of the four basic characters and select two special characters as a team, except for pikachu, who, as a starter, has to choose four

---

characters. once the characters are chosen, they have to battle against one another until one character remains; if the player loses in a certain round of the matches, they have to compete in a second set of matches. unlike some other kart racing games, characters can pass through other players, similar to the super mario kart series. in this mode, one player is the driver (similar to the wingnut character), who can use certain

---

items that would normally be passable to pass through opponents. note that, unlike other nintendo 64 titles, the driver does not receive a decelerator boost. if the game is played in this mode, players can use the items that would normally be usable for the driver, with the exception of the giant shells. players can earn medals, which range from all-star to gold, through using items. there are four medals: 1st place, 2nd place,

---

3rd place and 4th place. like powerups, the medals can be found in the courses: some powerups are unique to specific courses. the white shell is located in the white tower course.
