↓ Good ↑ GOOD "Interesting." "It has a lot of depth, and the action is fun." "The UI is pretty and the pacing of the story is perfect. The world in which we play is always open, giving the player the freedom to explore in their own way, without being hampered by a set storyline." -9/10 (Sparrowy) "The game has a very good concept, and the character creation is very flexible. The improvements and functions increase as the game continues, and the game is very ambitious. There are also plenty of stories and environmental contents. Moreover, there are many people who play online games and try to play the game with their friends. In addition, it is a joy to see the characters, and the UI does not disappoint even in the

environment of a crowded server. There are too many dungeons and areas, and the game is of the work-type and is constantly updated for an MMO. However, it is an RPG game in its core, and one of the best games. It does not seem to be a game that belongs to the game genre, and yet it has the feeling that you have found your path and that you are on a journey. There is no way to return to life that has once begun. The process of exploring the world, solving the mysteries, and the adventure with others is an RPG that is full of the feeling of a great one. " -7/10 (Hawkeye) "2-player action RPG." "A typical RPG game where you go out on an adventure to find out what happened to your brother, killed in an accident that involved an important person. While there were some problems with the combat since the AI of the partner didn't work too well. The story was interesting, and I liked it a lot. It was good to see the character development after the bad start. The characters are fun to play, and the characters in the game are also well done." -8.7/10 (Ritter) "Love you, King. It's so good." "It's an RPG in which you can choose a character that you like, so I recommend it highly." -7/10 (Rainbow) "Have not played this for a while." "The Tarnished lord is a very well done two player RPG, different than any other two player RPG out there." -7.5/ bff6bb2d33
