Control Panel in the application to change the time and the weather, etc. Enjoyable
Enjoyable Skin PACKAGING 1. Enjoyable Skin package contains the application, icon and optional styles. Please check the description for other skins. 2. Enjoyable does not have a built-in tool to change the desktop wallpaper. So just unzip Enjoyable into the folder and use your photo editor to change the wallpaper. You may also purchase other skins or support Enjoyable at our website: TEMPLATES This skin contains the default static templates. You do not need to purchase any other templates. - Enjoyable Theme 1 (Default): - Enjoyable Theme 2 (Difference): - Enjoyable Theme 3 (Difference):

CHANGES Enjoyable uses the SkinEngine skin engine, so any changes made to the engine by the creator cannot be changed. If you need to change something within the engine, you will need to uninstall Enjoyable, delete the theme.json from the skin folder, and install the Enjoyable template. Enjoyable is compatible with NextGen skin engine as well as SkinEngine. However, enjoyable's style is not compatible with the nextgen dragon's style. Enjoyable is distributed as shareware. You can use Enjoyable for free.
