Serial number history place holder I just took my order into nearest store and they said they do no do that. They are even not opening till 3/22. I am NOT Pissed. I will be back to U after 3/22, and they will be let out the door by then. I am not waiting for "shipping" any longer. I will bring my order into store next week, and get a refund, and replace my order. Not nice of them to not open till 3/22 though, if they were still working even until 3/22, they were making a lot of money. I know they get paid for delivery, but there must be other gross measures they could take with me to avoid letting me bring my order in. Really never purchase anything from them. I will just go to Family Dollar.

27/03/2020 I ordered Make the Cut! for the first time yesterday and I was so disappointed by all of the negative reviews here for it. I didn't want to order it because of all the horror stories I'd heard about the software and the cartridges. I was really nervous and ended up ordering it from Newegg instead. I just got it, ran it for 10 minutes and it works absolutely fantastic! I like making things with the Cricut (not just with the Cricut!), I especially like making wedding invitations, napkins, decor, etc. With the Make the Cut, I can just download a template and start cutting right away. It's so easy to

use and since I bought it all in one package, my Cricut didn't cost as much as it usually would. I'm so happy with it and cannot wait to use it. 0 1 Olivia Hayes 04/03/2020 I really like the price of this and it's the perfect size for my limited space. It does everything I want it to do except for cut almost everything. That's not the fault of the product as it's operating perfectly fine. It cuts everything that comes in the box that says it's for the Cricut, but it has a huge hold. It just doesn't work. I am disabled and couldn't ever use the Cricut (everything takes a lot of concentration) but I still love this as I can't go out to buy a big bulky cutting machine. I bought it hoping for it to be my
