A single phrase can be the seed that will later sprout to the giant oak tree that will change the entire landscape of a person's life. It was just one single phrase that changed my life that day. Today was a very dark day for a friend of mine, yes, I know I've used a fake name for her but these kind of things happen a lot when you live in the North Country, where a person can simply disappear and there's hardly anyone to notice. This day though, I was going to notice. And I did. She called me and I put the phone on speaker, I grabbed my keys and I headed to her house. The house was dark. It was past midnight when I got there. I knocked on the door, no answer. I knocked harder, "Maybe she's asleep" I figured. The door was unlocked, so I walked in and the first thing I saw was her. Blacked out. With a pillow over her face. "What the fuck are you doing?"**
