From a third-person perspective, you play as Grayson Hunt, one of the last surviving members of the now-defunct Black Mesa Project, a top-secret government research facility located deep underground beneath the Black Mesa, West Virginia facility. After experimenting with bio-engineered supersoldiers gone rogue, the Black Mesa Project was decommissioned and Grayson Hunt was sent to complete his final mission -- to assassinate Dr. Gordon Freeman. However, the mission was a trap and the highly unstable Dr. Freeman proceeded to go on a

murderous rampage, leaving the once-proud Black Mesa facility now in ruins and only Grayson and a handful of loyal Black Mesa security guards alive. Now, trapped in the depths of Black Mesa, Grayson must fight his way to the surface in order to escape, and in the process, collect powerful weapons and upgrade his monstrous bio-suit's weaponry. You'll have to fight with pure instinct, react to the environment, and leverage every last bit of your skill and training to survive. Throw some fun in your parties playlist. UFO Sighting Report - 23rd October 2016 "Saucer-Like UFO Sighting Report" Mass UFO sighting report. Three dark flying objects over Malmesbury, Wiltshire. Multiple sightings over Dartmoor. Date: 23rd October 2016 Location: Malmesbury,

Wiltshire Witness: Pamela Rees Identifying details: The witnesses were on the platform, waiting for a train at Malmesbury station when they witnessed 3 dark flying objects, with variable sizes, over Malmesbury. Two objects were estimated to be about 1/4 to 1/2 the size of the third object. As the objects flew over, the evening sky turned dark momentarily. Multiple sightings were witnessed over Dartmoor. The witness has lived in Malmesbury for 38 years and witnessed these UFOs on multiple occasions over the past year. In addition she had a second sighting on the Thursday 27th October, although not reported on here. Visit our main site here: [Malmesbury Saucer-Like UFOs](#) After making some inquiries, she kindly gave us permission to publish her full report: "I have seen 3 dark objects flying in formation over the Wiltshire countryside. The objects were of a circular shape and seemed much larger than anything normally seen in the sky. "On the 23rd October I was sitting on the platform watching the older women across the tracks and I saw a bright light coming from the direction of the track to Burbage as there were no street lights in our lane. It was a small light, it was triangular shaped and a bit like an aeroplane. At first I didn't notice the other two lights but when I did they were much brighter than the first. There was nothing about them that gave me the impression that they were other than what they appeared to be, they were just big circular lights with varying brightness." On checking the map it was close to Burbage - up the road towards Westbury where we were holidaying! We had

been to the pub, The Malmsey Duck last night and it was Saturday so the pub wasn't open so we went to hunt for parking. The countryside was still full of cows and early lambs being driven towards the Gloucestershire marshes. I arrived at 8.35am and was staying in a caravan (just made my birthday so I can use the word caravan!) in the '
