company NOC. It was founded in 1961 and ended in 1975. Petrovision's first chairman was the first president of Algeria Ahmed Ben Bella, who later became President of the Algerian Republic and founder of the Popular Movement for the Revolution (MRP). In 1975, the government transferred the management of the company to the state holding company National Oil Corporation (NOC). In 1986, the company merged with its successor, the NOC.

Questionnaire-12 for identification of these patients. Only 15 percent of patients completed the GHQ-12 to screen for mental health problems. Logistic regression was used to determine whether gender, age, marital status, risk status, presence of a history of psychiatric treatment or symptoms of depression at the time of the study, or insurance coverage status were associated with incomplete GHQ-12 responses. All variables predicted incomplete GHQ-12 responses except male gender ( $P = 0.11$ ). Patients with a history of psychiatric treatment were 1.65 times more likely to have incomplete GHQ-12 responses than those without such a history ( $P = 0.01$ ). Patients with depression were 1.83 times more likely to have incomplete GHQ-12 responses than those without such a diagnosis ( $P = 0$
