
Schneider PL7 07 V4 Torrent

May 3, 2012 - PL7 V4.5 SP5 can only be used with Windows 7 (64-bit Professional, Enterprise and Ultimate) when used in XP. mode. This is because this OS cannot recognize files created in PL7 V4.5 SP5. We have already released the PL7 V4.5 SP6 update which should fix this issue. If you are using Windows XP, we recommend installing PL7 V4.5 SP5. This update completely replaces PL7 V4.5 SP5 and only contains bug fixes. Please read the FAQ before asking your question.
