It's a real-life vlog about how I travelled around southern India and brought a girl back to Auckland from India. If you're new to the world of digital nomadism or thinking about making some travel changes in 2018, This video will drop a few pearls of wisdom touch on things that I've picked up working internationally. * Subscribe to The

What's New in the?

□ New technology recently integrated into the YouTube website (?). Now when you click on the "featured videos" at the top of the YouTube website, you get a list of videos that appear in Google search results, ready to be watched. □ Great technology is not used because of copyright issues. □ Google have been buying YouTube. Could this be an attempt to broaden the search portfolio? □ Interesting technology. □ YouTube has the highest number of views in the world. Could this be an additional market for Google? □ Requires HTML + CSS to set up. Requires a bit of knowledge, but not much. □ Google have been buying YouTube. Could this be an attempt to broaden the search portfolio? □ Interesting technology. □ YouTube has the highest number of views in the world. Could this be an additional market for Google? □ Requires HTML + CSS to set up. Requires a bit of knowledge, but not much. □ Google have been buying YouTube. Could this be an attempt to broaden the search portfolio? □ Interesting technology. □ Youtube offers such huge amounts of videos you will never have enough time to get through all of them (I don't think so). □ YouTube has the highest number of views in the world. Could this be an additional market for Google? □ Requires HTML + CSS to set up. Requires a bit of knowledge, but not much. □ Google have been buying YouTube. Could this be an attempt to broaden the search portfolio? □ Interesting technology. □ Youtube offers such huge amounts of videos you will never have enough time to get through all of them (I don't think so). □ YouTube has the highest number of views in the world. Could this be an additional market for Google? □ Requires HTML
