ClipboardZanager PC/Windows

ClipboardZanager Crack Mac is a small software application whose purpose is to help you boost the functionality of your Windows clipboard by storing multiple files, previewing clipboard content, and synchronizing data with your OneDrive account. Unobtrusive running mode You can find the program running in your system tray area. It automatically saves the clipboard information without asking for confirmation so it does not bother you while working. The tool lets you access the clipboard content by directing your mouse cursor to the upper part of the screen. It automatically shows a thumbnail preview with all the stored items and allows you to hover your mouse cursor over a specific entry to view its content. Configuration settings ClipboardZanager Crack Mac is able to store text, code, images, and URLs. You can apply syntax highlighting for text, sync data with your OneDrive account by specifying the username and password, as well as automatically sync info at a user-defined time. You are offered the possibility to mark your favorite clipboard entries, view the date and time when an item was copied, delete items, and disable the sync mode for the selected clipboard entry. On the downside, you cannot edit the text and export the info to a file on your computer. What's more, you are allowed to run the application at Windows startup, assign hotkeys for showing or hiding the clipboard content, keep copied data at the next reboot, specify the number of files to store, keep clipboard information for a certain number of days, as well as select the items that you want to save, namey text, files, pictures, and Word, Excel, PowerPoint, Outlook, and Adobe Photoshop files. Tests have shown that ClipboardZanager carries out a task quickly. However, it eats up memory resources so the overall performance of the computer may be affected. Final words All things considered, ClipboardZanager comes packed with several smart features for helping you keep track of multiple clipboard items, and can be configured by rookies and professionals alike.
