## **Features Key:**

- FIFA 22 introduces “HyperMotion Technology,” which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power gameplay.
- New team play modes: co-op and competitive seasons in FIFA Ultimate Team enable you to play with up to three of your friends locally on a single console, as well as online. Matchmaking system ensures the best available opponents will be matched up against you, so whether you’re looking to play ranked competitively, or simply against friends, FIFA 22 delivers the ultimate team experience.
- A new and improved Ultimate Team mode allows you to improve your squad with free transfer activity day and night, to create the ultimate team of the players you want to play as. The market offers interaction and constant competition with both immediate and long-term buying power.
- User Experience mode increases the options and control you have over the control system for ultimate precision. Players now move naturally and intuitively, using a combination of realistic techniques, ball physics, and game engine to adapt gameplay to fit your style.
- New dribbling system allows you to shape the ball in the perfect position for scoring with a step and a change in direction while controlling the run of play.
- Animations work seamlessly together to give players natural player animations in addition to new, dynamic animations during the attacking and defensive phases of play.
- New Player Impact Engine uses the same physics as in previous FIFA games to give players that precise feeling of weight, speed and impact. Players respond intuitively to head motions as well as the weight of the ball.
- New Goalkeeper Interaction System means goalkeepers react more naturally to your position on the field and how you engage with them, while improving their body and ball coverage, reaction times and consistency, and introducing new responses based on head motions.
- New Tackling has been increased, allowing players to more easily tackle and controlling the ball.
- New Camera System, on and off the ball enables unprecedented immersive camera angles and tracking across more of the pitch.
- FIFA Ultimate Team The new Teampay and Set

**Welcome to FIFA, a complete football simulation featuring authentic club teams and player movement, including over 700 licensed players and more than 100 official stadiums from over 70 countries worldwide. A core element of the game is The Journey, a career mode in which you progress through a number of competitions. A feature unique to FIFA is that you are able to create and play clubs of your own, allowing you to take charge of your very own football career. Each club has its own set of team chemistry and training methods, and you are able to build, buy, promote and fire coaches. This iteration of FIFA also brings a number of fresh gameplay additions which will revolutionise the game you know and love, in association with football fans and EA SPORTS through the UEFA Euro 2016 Fan Survey, to ensure the gameplay experience is authentic. The UEFA Europa League 2016 featured over 40 clubs from 14 countries and is back again as one of the main game modes. Featuring all 24 teams from the 2016/17 season, you will be able to compete in the knockout stages, including:**

- **UEFA Champions League (including its play-off round)**
- **UEFA Europa League play-off round**
- **UEFA Women's Champions League**
- **UEFA Under-21 European Championship**
- **UEFA Women's Under-17 European Championship**
- **UEFA Futsal Championship**

**Over the next 10 weeks the top teams from the Europa League will be taking their place in the FIFA Pools, to be contested in the main tournament: The Final Tournament,**

featuring 32 teams. The pools in which teams are placed after this stage is played will be based on the remaining 12 teams' performances throughout the season: • European groups • UEFA Play-Offs • UEFA Play-Off winner vs. UEFA Pools winner • UEFA Pools • Final Tournament Teams will have home and away ties against fellow UEFA countries, as well as against domestic opponents and teams from outside Europe in the event of the Round of 16. Matches are competitive, with improved handling and artificial intelligence to make sure every contest is highly physical and unpredictable. New features: • Improved controls and more authentic player movement. • Playable in the game in first-person view when using Touch on PlayStation 4. • New Champions League rules, including the elimination of a knockout stage of 32 clubs. • New Champions League top-
