. In KKND, the player controls a squad of three soldiers who must destroy an enemy stronghold. Each of the three missions has its own, independent goal. The player must capture a certain corner of the battlefield, kill a certain number of opponents, and destroy certain weapons. If you are a fan of RTS, then you will definitely like the game. If you haven't played this game yet, we recommend watching the trailer. Unfortunately, the game is only available for Windows.
