the brink of collapse. It was the end of the 20th century, and the long, peaceful life of humanity was coming to an end. Life was in the balance, and nothing that we had done in the past would protect us from the nightmarish destruction that was going to come. Eternal Dreamers takes place after the Great Colonization War, when the world is on the brink of collapse once again. This time it will not end, as the sinister who feared humanity will not stop their attacks. Mankind must now fight for survival. This, we learned in the Hidden City, where we had to fight off waves of soldiers and keep the city from getting overrun. Now we're back in the village of Avilov, where we encounter many of the same problems. But the Village Administrator has also discovered a cure for the Sudden Coma, but we have to find it before the Black Flower emerges again! **posted: May 6, 2015 I was an English major, and I feel like every writer that makes the transition from writer to blogger may have struggled with these self-reflection questions so frequently that it's easy to forget: How do you find your voice on the internet? How do you determine what your voice is? What is it, and where does it come from? But if you're currently starting out, reading my self-indulgent musings may help some of you answer those questions. Just remember: no one really cares about your story; you want other people to**

Actually, I know I'm supposed to care about others but it's not my motivation in this case. I've always had a hard time with people. When I was a teenager I did things and I didn't regret them but it never got better. My mom probably hated her raising me but it's all she knew and apparently it had worked for her so she left it up to me. For a long time I had a harder time than I thought I would with... [Continue Reading] Hey Alisa, I actually tried to convince one of my Ex's that she should write. Every time I'd ask her this she'd say "not really" but I had to remind her that she'd written through her struggles with me. And if she didn't want to, I was going to have to convince her of it. I'm going through the same thng with Megan right now. I want her to feel strong and happy. Basically I just want her to tell me the truth, if she wants to do this or not, I'm... [Continue Reading] I was just thinking about this while I was eating a piece of pizza. I don't want to do to others what I did to myself. Right now I try to come across as confident and happy because I'm doing my best to overcome my worst fears. I will let you in on a little secret because, like you said, I struggle and my
