- Stay up to date with real-time protection against malicious sites and keep your computer safe from viruses, spyware, and adware - Check for malicious links on your social media, in chat, and instant messaging, too - Compatible with Chrome, Safari, Firefox and IE 8+ Get rid of unwanted ads, pop-ups, and junk mail on your phone. No unnecessary apps in your Android phone. Built-in antivirus & antimalware scanner to protect you from online threats. We help you get rid of unnecessary apps, space hogs, & ads. After getting the upgrade to Android 6.0.1 Marshmallow, your phone might suddenly have all these unwanted apps that you never use. We get it that you want to make the most of your device by getting rid of these apps, but some of these apps don't have an uninstaller that needs permission from the app. Those apps will make the phone slow. To get rid of them, you need a tool like Smart Phone Care, which not only can clean up your phone by cleaning the memory space and free up valuable space, but also can help you get rid of those annoying ads and app clutter from the home screen. Smart Phone Care: · Clean up the memory, uninstall the apps you never use · Free up valuable space in the phone · Purge all those annoying ads · Delete junk apps & widgets · Reboot the phone · Manage RAM & battery What's more, this tool is designed in such a way that it allows you to easily get rid of unnecessary apps, and that way, you can free up precious storage space on your Android phone. In addition, this app is designed to scan for rootkits, adware, and malware on your Android device, so that you can keep your phone and your privacy protected. Smart Phone Care: · Built-in Antivirus & Antimalware scanner to keep you safe from malware and other online threats · Help you detect rootkits & adware on the device · Set performance limits to avoid RAM Overkill · Manage apps & RAM · Clean up the memory, uninstall the apps you never use · Clean up the data, uninstall the apps you don't use · Free up valuable space in the phone · Purge all those annoying ads · Delete junk apps & widgets · Reboot the phone · Manage RAM & battery * Note

What's New in the?

Bitdefender TrafficLight for Chrome is the best way to protect your computer against any malware and unsolicited ads that might be out there, without forcing you to do anything extra. By adding a small icon to your toolbar, you can now have an overview of all the harmful sites your computer has been visiting. As an added bonus, it also checks your browsing history for any suspicious URLs and tells you if there are any issues with your accounts and online banking pages. Just type in the address of the website you wish to check into the provided box and hit check. After a few seconds, the extension will inform you whether you are safe or not. Bottom Line: Bitdefender TrafficLight for Chrome is a small and easy-to-use Chrome extension that is able to inform you of any malware issues and unsolicited ads on your computer. It is also capable of providing you with real-time protection against all sorts of threats, by keeping them away from your computer without any lag. Description: Bitdefender Total Security 2010 is a robust software program that makes the Windows OS safe and protects your privacy.
