**** Microsoft Office 2010 Activator by Razor 1.0.0.1 with instant activation and update. NO STEALTH CHECKER required to activate. free, risk free, safe download. **** Run the activator within the activation period (displayed in the program window:) Choose Full version (default option) After the activation is successful, you can get a new activation key. You can check the generated key with this site: To get rid of the activator for future use you can use the solution described here: The same method is for Office 2013 and Office 2016. NOTE: This is only for the registered version. UPDATE: Please use the new version of this tool, latest version of Office 2013/2016 (Office 2010 version 0.95) How to install the Office 2010 Activator? *** What's new in this version 1.0.0.1: NEW: Please use the new version of this tool, latest version of Office 2013/2016 (Office 2010 version 0.95) To get rid of the activator for future use you can use the solution described here: *** How to install the Office 2010 Activator? (Cute and beautiful addition) Hi,, This is my own coding for your request. I hope you like it. It is possible to make a temporary license file in temp folder. All you need to do is add a new entry to regedit to make this file is compatible with Microsoft Office. Registry key added -> HKEY_CURRENT_USER\Software\Microsoft\Office\15.0\Common\CoreCon\Activation\TemporaryLicenses I have tried this trick and it works fine. But I have a minor question. Is it possible to change the default time limit which is set to 5 days for activation of office? It makes
