Robonauts is a game about friendship, teamwork and fun! Available now on Nintendo Switch, the game has been inspired by the classic arcade shooter which was known for its appeal and simplicity of gameplay. Gameplay: Follow your robot up and down the side of a planet, collecting pellets and shooting enemies to build up your score. Robot Life Forms: Players take on the role of Frontier's very own Robonaut Commander. With 11 powerful life forms at his disposal, players are tasked with utilizing their unique abilities to explore each planet in search of hidden secrets. Features: Co-op / Single Player: Robonauts can be played in co-op mode with friends, or single player mode where all the challenges are solo. World / Gameplay: There are 14 planets each with various stages of exploration, enemy encounters and locations to discover. Challenge: Plants challenge players on their planet by eating 'bits'. The highest placed player at the end of the challenge is the winner. Robonauts does not feature micro-transactions. Leaderboards: Robonauts takes its competitiveness to a whole new level. Players can compete in the global Robonaut League to show off the best of Robonauts. Steam Trading Cards: Players can also earn Steam Trading Cards by playing Robonauts. There will be free 'live' content to unlock in the coming months. System Requirements: Robonauts will be available on Nintendo Switch.
