1q2w3e4r5t6y7u8i9o0p1t2m3w4t5i6p7.Johann Gutenberg and the future of publishing
Gutenberg, the printer who changed the world.
Over 2,000 years ago, a single book changed how the world is written: the Bible. After Gutenberg's invention of the movable type, anyone could become a publisher. The idea that anyone could open a business of their own was mind-boggling. Now that we have the printed word, books are still the most

significant means of communicating messages to the world. As the printing industry continues to grow, research in the book industry has the potential to influence the future of both publishing and the world. Printing the Bible Gutenberg's invention was the first development that could completely change the way information is shared. The printing press enabled books to be mass produced, and information could be spread throughout the e79caf774b
