## **Patch Francais Hitman Absolution**

A: Pupa patch was included, and it was indeed working perfectly the first time I played the game, I was able to play in french without a problem and without any issue. As for the other errors I encountered, apparently Hitman knows the difference between the english version, the uk version, or the japanese version (I'm not sure), and will, according to the community, serve the version it deems "best" (which will be obviously one of those 3 versions as I had, in my case, the french version). As for the second one you described, that's an error with the dumb fx thingy that is only in some uk version, which you won't encounter on the french version. The Boss Says The Boss Says is a 2012 play written by John Cariani. The play features three interlocking stories: a terminally ill former diva, a somber pilot coping with the death of his wife, and a relationship that is less than healthy. It is Cariani's first play, as well as his first collaboration with actor Marc Platt, who made his Broadway debut in this production. Productions The play premiered Off-Broadway at Playwrights Horizons, opening on November 18, 2012. The director was Michael Greif. The production closed on February 17, 2013, after 86 performances. Critical response In the New York Times, Ben Brantley called the play "an uncommonly moving drama" and praised the script, writing that it "spares us little... comes as close as any

play we've seen to matching the pomp and sweep of the opera world it's often imitated." The closing night review in Variety said of the show, "There's a play that can move you to tears without ever blaring its heart on a big screen." Some reviewers were less kind to the production. The Detroit Free Press gave it a mixed review, writing, "Based on the three stories it includes, it could have been called The Holy Trinity of Plays." It continued, "This is not meant to suggest that The Boss says nothing about loneliness, aging and death, for it does." The review praised Martina Flanagan and Angela Basset but criticized Marc Platt and Sidney Lipkin's performances as "of one cloth." In a mixed review in the News & Observer, Michael Leviton wrote, "A tiny bit of theater, basically: Characters cut across the action, 04aeff104c
